SEE THE SEA

AS NEVER

BEFORE

AT

THE REBIRTH

OF AMBER PARK

Once a feature for East Coast, now a new freehold icon for the future. From the visionary minds of its original developer City Developments Limited (CDL) and the acclaimed SCDA Architects, the new Amber Park is poised to redefine seafront living just as it first did over 30 years ago.

Revel in an address that keeps you close to the sea and its idyllic pleasures but is yet mere minutes from the city centre. Within the development, 22 levels apart, 2 distinct recreation zones let you take full advantage of the coastal location. Play amidst the clouds up at The Stratosphere on Level 22 overlooking the sea or make a splash at the Lagoon Bay on Level 1. At the end of the day, retreat to your inner sanctum, resting easy on the assurance of quality and luxury that comes with every CDL home.

## AT THE STRATOSPHERE

### ON LEVEL 22

Connecting the 3 residential towers at the top is The Stratosphere. This rooftop recreation deck is the signature feature of Amber Park. Rising 235 feet above sea level, The Stratosphere lets nothing come between the sky, sea and you.

Oriented to present the best views wherever you stand and whatever time of day, The Stratosphere offers rest and relaxation against a glorious backdrop of the open sky and sea. Catch the dawn from the Yoga Deck, and watch the rays lingering from the Lounge at the other end.

Together with the sea-facing Gymnasium, the 600-metre Jogging Track elevates exercise to a delightful sensory experience – imagine going about your daily run with the horizon in your sights, the warmth of the sun on your back, the breeze in your hair salty and invigorating.

MAKE A SPLASH

AT THE LAGOON BAY

ON LEVEL 1

Return to a tropical paradise just minutes from the city, with dual entry to smooth your way home: one along Amber Gardens and another along Amber Road.

Feel your mood lift at the sight of the expansive grounds and the free-form Lagoon Pool, shimmering and beckoning you to explore its meanders and coves. For a spot of therapy, swim over to the Aqua Beds or the Hydrotherapy Pool, and let the massage jets ease your tension from head to toe.

Equally soothing are the lush gardens, dotted with pavilions and quiet nooks perfect for time out with yourself. Those with an interest in botany will love the Forest Trail and its collection of plant species indigenous to the tropics.

At Amber Park, friends and family always receive a warm welcome. From the poolside decks to the barbecue pavilion and the private dining over at Club Amber, there are plenty of spaces for you to host any gathering in style.

## THE CALL OF THE SEA

Blue-green sea, gentle waves lapping the shore, soft sand under your feet, trees swaying in the breeze. For the residents of Amber Park, this blissful getaway is well within reach with East Coast Park a short stroll from home.

Spanning 185 hectares with a coastline stretching 15 kilometres, East Coast Park provides recreational options aplenty. Take a leisurely bicycle ride and soak in the seaside ambience, or connect to the 150-kilometre Round Island Route and challenge yourself. The more adventurous can try their hand at water sports or take on the Xtreme SkatePark. Improvement works at the iconic Big Splash and other spots are set to make the park even more enticing.

East-siders take much pride in their neighbourhood, and with good reason. Here, you will never go hungry. The East Coast area has long been known as a foodie haven, offering everything from famed hawker fare and heritage eats, to hipster cafes and chic bistros.

A DESTINATION  
TO OTHERS,  
A HOME TO SOME

For everything else, take your pick of nearby malls like Parkway Parade, 112 Katong, Katong V and KINEX. There are also the quaint streets of Katong to explore, filled with a myriad of boutique lifestyle stores and colourful Peranakan shophouses.

## LIVE EAST

## STAY CENTRAL

Go places easily when the expressway is just a turn away from your home. By car, the business district in the city is a short 10-minute drive while the Singapore Sports Hub is a 5-minute drive. Changi Airport is also quickly accessible, a boon for frequent travellers as well as shoppers and diners thanks to its new mega lifestyle hub, Jewel.

With the completion of the Thomson-East Coast Line and the upcoming Tanjong Katong MRT Station a mere 3-minute walk away, the future looks even more connected.

Parents would be happy to know that your children will not have to travel far for their education. From pre-school through to pre-university levels, there is no shortage of good schools in the neighbourhood, including international options. In particular, Tanjong Katong Primary School is less than 1km away and Tao Nan School less than 2km.

# THE LUXURY OF RESTING EASY

No detail is too small when it comes to ensuring your home is a sanctum as it should be. For your selection are units ranging from 1-bedroom+study to 5-bedroom+study and penthouses, with well-appointed interiors and thoughtful layouts that augment the feeling of space.

Dressed in a palette of warm wooden tones and soft greys, the bedrooms are a picture of understated elegance, while the bathrooms feature sophisticated wares and fittings from Villeroy & Boch, Geberit and Grohe.

In the fully equipped kitchen, appliances from V-Zug and Bosch make this space a delight to both the casual cook and the serious chef.

Get used to having it your way with smart features that make your life at Amber Park even better. The Smart Hub in every unit is the gateway which connects all the smart appliances, allowing you to remotely control them via the Smart Home app on your mobile device.

**SMART HOME**

**SMART AIR CON**

Hot day? Turn on the air conditioning remotely and have the home cooled in preparation for your return.

**SMART LIGHTING**

Schedule the lights to come on automatically or check if you have forgotten to turn them off.

**SMART DOOR**

Lets you monitor if the door is open or closed, and sends you a notification every time the door is unlocked.

**SMART SMOKE DETECTOR**

Be promptly alerted so you can call for help if no one is at home to investigate.

**SMART VOICE CONTROL**

Handsfree control of your smart home devices. Built-in Google Assistant means you can also ask about the news, weather, traffic; set reminders; play music; and more.

**SMART COMMUNITY**

**SMART BOOKING**

Check if facilities are available and book them at your convenience. Allows you keyless access too.

**SMART PARCEL**

Parcel station sized to accept packages as well as letters, and sends you an alert to retrieve them.

**SMART AUDIO VIDEO INTERCOM**

Expecting guests? See who has arrived at the Lift Lobby and let them in with a simple tap.

**SMART INVITE**

Allow your visitors entry to the development with a QR invite that the guards can scan and verify.

Take pleasure in a home that not only affords you all the modern comforts, but does so with your interest — and that of the earth — at heart.

**ENERGY-EFFICIENT DESIGN**

- Buildings oriented for good natural ventilation in the common areas and residential units
- Building facade designed with high-performance glazing to lower solar heat gain, also with balconies and aluminium fins providing shade
- High solar reflectance index finishing to reduce the localised urban heat island effect

**ENVIRONMENTAL QUALITY AND PROTECTION**

- Extensive use of environmentally friendly and sustainable materials certified by Singapore Green Labelling Scheme
- Low volatile organic compounds paints for all internal walls to ensure healthy indoor air quality
- Use of native plant species for extensive yet sustainable landscaping

**ENERGY-EFFICIENT FEATURES**

- Energy-efficient air conditioning system for all residential units
- Efficient lighting design by use of LED and provision of motion sensors
- Energy-efficient lifts with regenerative drive, VVVF (variable voltage variable frequency) drive and sleep function mode

**OTHER GREEN INITIATIVES**

- Provision of bicycle parking lots to promote green transport and healthy lifestyle
- Recycling bins separating paper, glass and plastic at every residential block
- Siphonic rainwater discharge system on the roof
- Smart home with smart community system for residents' comfort and convenience

**WATER-EFFICIENT FEATURES**

- Water-efficient sanitary fittings in all residential units
- Smart water monitoring system with leak detection algorithm
- Automatic water-efficient irrigation system for major landscape areas
- Rainwater harvesting for landscape irrigation

## NOTES TO SPECIFICATIONS

### A **Marble/Granite**

Marble/granite are natural stone materials containing veins with tonality differences. There will be colour and markings caused by their complex mineral composition and incorporated impurities. While such materials can be pre-selected before installation, this non-conformity in the marble/granite as well as non-uniformity between pieces cannot be totally avoided. Granite tiles are pre-polished before laying and care has been taken for their installation. However, granite, being a much harder material than marble, cannot be re-polished after installation. Hence, some differences may be felt at the joints. Subject to clause 14.3 of the Sale and Purchase Agreement, the tonality and pattern of the marble or granite selected and installed shall be subject to availability.

### B **Air-Conditioning System**

To ensure good working condition of the air-conditioning system, the system has to be maintained and cleaned on a regular basis by the Purchaser. This includes the cleaning of filters, clearing of condensate pipes and charging of gas. The Purchaser is advised to engage his own contractor to service the air-conditioning system regularly.

### C **Television and/or Internet Access**

The Purchaser is liable to pay annual fee, subscription fee and such other fees to the television and/or internet service providers or any other relevant party or any relevant authorities. The Vendor is not responsible to make arrangements with any of the said parties for the service connection for their respective channels and/or internet access.

### D **Materials, Fittings, Equipment, Finishes, Installations and Appliances**

Subject to clause 14.3 of the Sale and Purchase Agreement, the brand, colour and model as specified for all materials, fittings, equipment, finishes, installations and appliances to be supplied shall be provided subject to the Architect's selection and market availability.

### E **Layout/Location of Fan Coil Units, Electrical Points, Television Points, Telecommunication Points, Door Swing Positions and Plaster Ceiling Boards**

Layout/Location of fan coil units, electrical points, television points, telecommunication points, door swing positions and plaster ceiling boards are subject to the Architect's final decision and design.

### F **Warranties**

Where warranties are given by the manufacturers and/or contractors and/or suppliers of any of the equipment and/or appliances installed by the Vendor at the Unit, the Vendor will assign to the Purchaser such warranties at the time when vacant possession of the Unit is delivered to the Purchaser. Notwithstanding this assignment, the Vendor shall remain fully responsible for the performance of its obligations under clauses 9 and 17 of the Sale and Purchase Agreement.

### G **Web Portal of the Housing Project**

The Purchaser will have to pay annual fee, subscription fee or any such fee to the service provider of the Web Portal of the Housing Project as may be appointed by the Vendor or the Management Corporation when it is formed.

### H **False Ceiling**

The false ceiling space provision allows for the optimal function and installation of M&E services. Access panels are allocated for ease of maintenance access to concealed M&E equipment for regular cleaning purposes. Where removal of equipment is needed, ceiling works will be required. Location of false ceiling is subject to the Architect's sole discretion and final design.

### I **Glass**

Glass is manufactured material that is not 100% pure. Invisible nickel sulphide impurities may cause spontaneous glass breakage, which may occur in all glass by all manufacturers. The Purchaser is recommended to take up home insurance covering glass breakage to cover this possible event. Notwithstanding this note, the Vendor shall remain fully responsible for the performance of its obligations under clauses 9 and 17 of the Sale and Purchase Agreement.

### J **Wall**

All wall finishes shall be terminated at false ceiling level. There will be no tiles/stone works behind kitchen cabinets/vanity cabinet/mirror.

### K **Compressed Quartz**

Compressed Quartz stone is an engineered stone surface that comprises of natural extract from the earth. The pigmentation found in these natural extract sometime varies and as a result, the final products are subjected to variations in colour and vein pattern. Like most materials, excessive force, high point loads, pressure or heat may cause thermal shock, discoloration or damage to the surface. Notwithstanding this note, the Vendor shall remain fully responsible for the performance of its obligations under clause 9 and clause 17 of the Sale and Purchase Agreement.

### L **Engineered Timber Strips**

Engineered timber strips are natural materials containing veins and tonal differences. Thus, it is not possible to achieve total consistency of colour and grain in their selection and installation. Engineered timber strips are also subject to thermal expansion and contraction beyond the control of builder and vendor. Notwithstanding this note, the Vendor shall remain fully responsible for the performance of its obligations under clause 9 and clause 17 of the Sale and Purchase Agreement.

### M **Mechanical Ventilation System**

Mechanical ventilation fans and ductings are provided to bathrooms/toilets and foyer/utility which are not naturally ventilated. To ensure good working condition of the mechanical ventilation system, the mechanical ventilation system for the exhaust system within internal toilets and foyer/utility (where applicable) is to be maintained by the Purchaser on a regular basis.

### N **Prefabricated Bathroom Units (applicable to all units except unit types B2 and PH1)**

Certain bathroom and WC may be prefabricated construction and all penetrations are sealed at manufacturer's factory prior to installation on site. Any subsequent penetrations are not recommended as they will compromise the waterproofing warranty. Any hacking, repairing and drilling within bathroom must be in accordance to the manufacturer's manual book.

### O **Mobile Phone Reception**

Telephone reception on mobile phones within the Housing Project is subject to availability/provision of satellite/wireless coverage by the respective mobile telephone network service providers and is not within the purview/control of the Vendor.

### P **Tiles**

Selected tiles sizes and tile surface flatness cannot be perfect, and subject to acceptable range described in Singapore Standards SS483:2000.

### Q **Window Limiters**

For compliance with Authorities' requirements, all units will be provided with window limiters at designated location for compliance where applicable.

### R **Digital TV Service/Reception**

Digital TV Service is provided with necessary cabling or connections from its network to the building. The Purchaser will have to ensure that their televisions are digital ready and compatible in order to view the Free-to-Air (FTA) channels. The availability/provision of reception coverage by the respective media network service providers is not within the purview/control of the Vendor.

### S **Home Fire Alarm Device (HFAD)**

Home Fire Alarm Device (HFAD) is provided to each residential unit as per compliance to the local Authorities' requirements. To ensure good working condition, the HFAD has to be maintained by the Purchaser.
