R E S I D E N C E S

Awaken to over 3,000 hectares of lush views.

Let Singapore's largest expanse of
nature reserve yield its many splendours to you.

As every day is filled with never-ending wonderment and discovery.

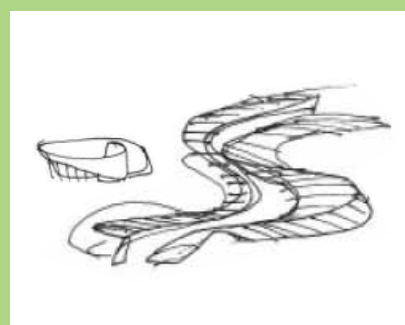

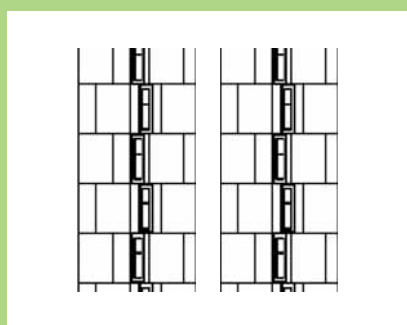

Here at Foresque Residences, all these are
naturally yours.

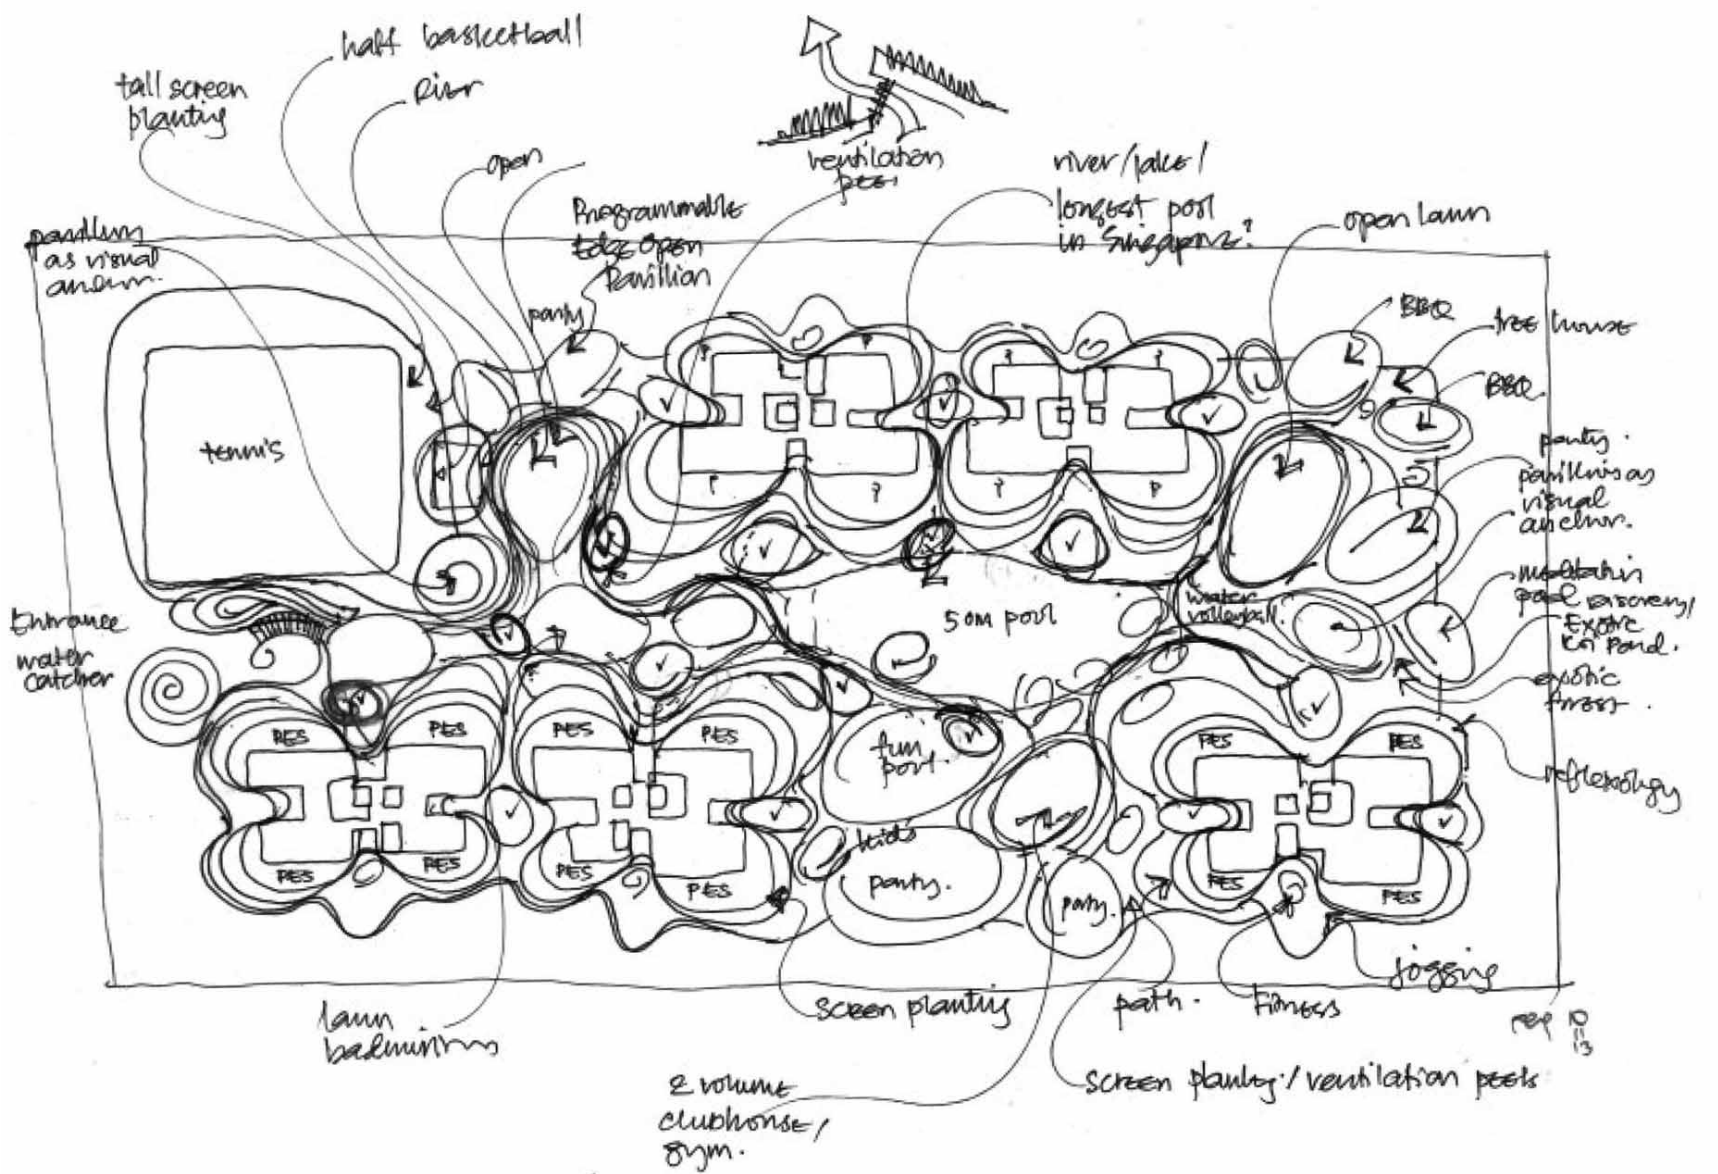

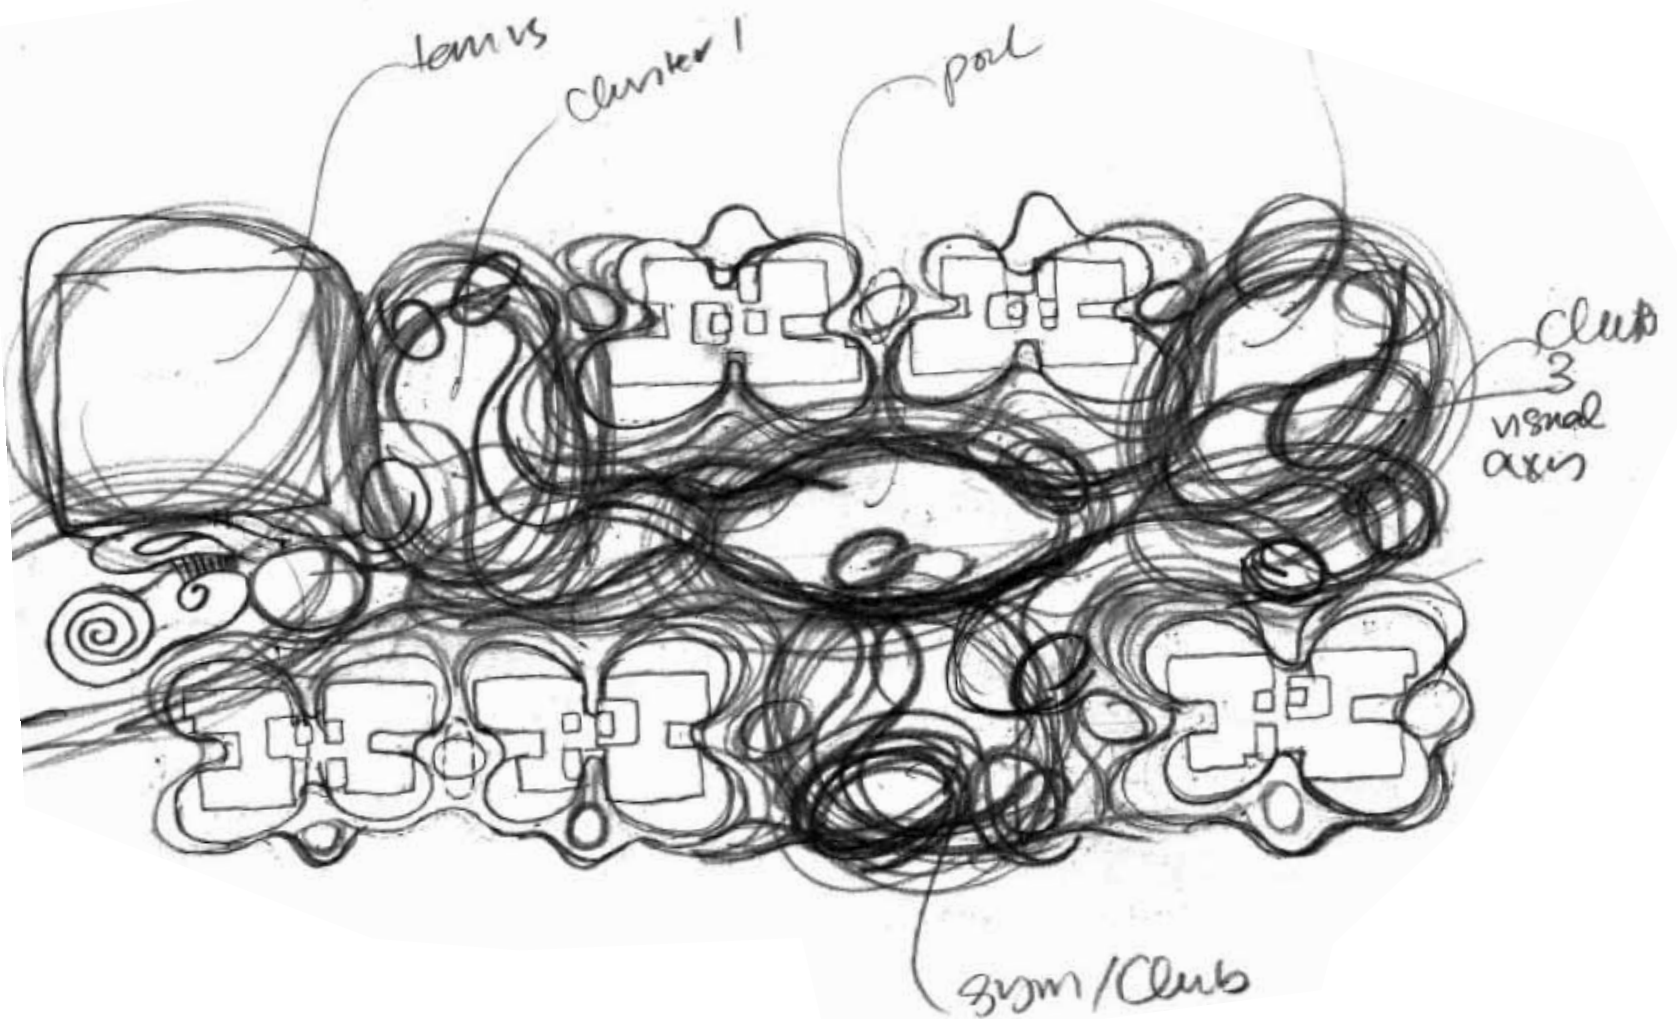

a natural landmark

Designed by the award-winning firm of Arc Studio Architecture & Urbanism, no expense and effort were spared to making this development, a landmark unto itself. Inspired by nature and given an artistic flair, the design concept takes on an organic feel that will be evident the moment you step into Foresque Residences.

Like the most beautiful garden designs in the world, the residential towers are akin to soaring flowers set around clusters of activity with the main pool as a sparkling centerpiece. Take in the delightful contrasts of sculptural pavilions set amidst the undulating waterscapes. And slowly, begin to realise that you are residing within a work of art crafted by a genius.

Life is simply better when everything you need is conveniently around you. Delight in the eclectic choice of quaint cafes, international cuisine, artisan bakeries and gourmet grocers at The Rail Mall. Or enjoy a vibrant shopping, dining and entertainment experience at Bukit Panjang Plaza and the upcoming Junction 10.

And with quality education within a convenient radius from your home, the kids will need less time travelling and enjoy more time with the family. After all, Singapore's top educational institutions and international schools for the expatriate community are just a short drive away.

What's more, the Upper Bukit Timah and Bukit Panjang New Town are undergoing transformation. Also, look forward to the new Downtown Line 2. With its completion, you can choose nearby Cashew or Hillview MRT stations for fast access to the CBD, Marina Bay and the rest of Singapore.
