

Imagine a home that makes the good life better.

Welcome home to Kandis Residence

Wake up to nature at your doorstep. Embrace peace in a tranquil enclave.
Take pleasure in premium facilities. Enjoy easy access to the conveniences you
need. Delight in connectivity via MRT and integrated routes.

When there's something about the address that makes your heart go aflutter,
you know it's the one.

Nature is not a place to visit. It is home.

Make yourself at home in nature

Nestled in an idyllic location in Sembawang, Kandis Residence is the only condominium development in a neighbourhood of low-rise landed housing in one of the most serene enclaves in the northern part of Singapore.

While reveling in a green oasis, you are also never too far away from amenities that complement a modern lifestyle. Take your pick from choice dining establishments, Sun Plaza and schools, all of which are a short walk or drive away. To swiftly get into the city, you can count on seamless connectivity via Sembawang MRT station, as well as upcoming Canberra station.

Presenting a thoughtful choreography of sensory space, the underlying push and pull of the combating elements can be felt, vying for ascendancy, resolving in stunning compromise. A cascading water feature greets you at the entry as the space opens up to a glistening lap pool and inviting sunning lawn. Strategically-positioned inter-block courtyards invite the outdoors indoors while gorgeously landscaped walkways accompany you every step of the way.

*To sit in the shade on a fine day,
and look upon verdure,
is the most perfect refreshment.*

Harmony, inside out

Designed to please the senses, Kandis Residence reflects your appreciation for timeless style. Borne through meticulous craftsmanship, every home actualizes the co-habitation of tranquillity and structural order via clean and assured line-work contouring the gentle medley of colour and space. Find your realized living experience accentuated by smart home features and premium fittings from leading brands.

Much deliberation goes into the design of every room too. Rooms are thoughtfully angled to freely let in natural light at different hours of the day and windows are cleverly positioned to afford clear views while offering the privacy you desire.

Memories take us back, dreams bring us forward

Intimate corners serve to form functional spaces for relaxation as well as places of casual engagement, fostering harmony and laughter. After all, a home at Kandis Residence is meant to feel uniquely crafted for you and your loved ones in mind.

Of sun, sand and sea

Sembawang Park, one of Singapore's iconic green spaces and the seafront are conveniently within walking distance. Stroll along restored pathways and venture into Singapore's naval heritage. You'll chance upon the atmospheric Beaulieu House, peaceful Sembawang Jetty and the remains of the 1920s Seletar Pier.

Alternatively, grab a picnic basket (or fishing rod), hop on to your bicycle and you're ready to frolic in nature.

*Nature is the best medicine for serenity.
Peace, calmness, stillness, it's good for the heart.*

Tucked away in the northern part of Singapore, Sembawang Park is haven to fitness enthusiasts and picnickers who want to get away from it all. Facing the Straits of Johor, the park also offers a breezy beach vista - a not so well-kept secret among avid anglers.

Listen to Earth's music

That music surrounds and imbues itself in those who choose to delight in nature's company. All you need to do is get out there, whether it's with the kids in tow or just you and your trusty running shoes.

The establishment of North Coast Innovation Corridor, a new commercial hub in-the-planning, also herald exciting possibilities. Whichever way you look at it, a home in Kandis Residence points to an exquisite balance of contemporary livability, seamless convenience and smart investment.

Proximity to convenience

At Kandis Residence, you may be away from the hustle and bustle of the city, but the little conveniences of life are still at hand. Sun Plaza and upcoming malls like Canberra Plaza as well as schools (Wellington and Sembawang Primary Schools) are a few minutes drive away. With Sembawang MRT station, as well as the upcoming Canberra station and Thomson-East Coast line, there will be more ways than ever before to conveniently connect you wherever your day takes you.

The good life is one inspired by love and guided by knowledge

NOTES TO SPECIFICATIONS

A Timber strips

Timber strips are natural materials containing veins and tonal differences. Thus, it is not possible to achieve total consistency of colour and grain in their selection and installation. Timber strips are also subject to thermal expansion and contraction beyond the control of the builder and the Vendor. Natural timber that is used outdoors will become bleached due to sunlight and rain. Thus, the cycle of maintenance on staining will need to be increased as required. Notwithstanding this note, the Vendor shall remain fully responsible for the performance of its obligations under clauses 9 and 17.

B Air-conditioning system

To ensure good working condition of the air-conditioning system, the system has to be maintained and cleaned on a regular basis by the Purchaser. This includes the cleaning of filters, clearing of condensate pipes and charging of gas. The Purchaser is advised to engage his own contractor to service the air-conditioning system regularly.

C Television and/or Internet Access

The Purchaser is liable to pay annual fee, subscription fee and such other fees to the television and/or internet service providers or any other relevant party or any relevant authorities. The Vendor is not responsible to make arrangements with any of the said parties for the service connection for their respective channels and/or internet access.

D Materials, Fittings, Equipment, Finishes, Installations and Appliances

Subject to clause 14.3, the brand, colour and model as specified for all materials, fittings, equipment, finishes, installations and appliances to be supplied shall be provided subject to the Architect's selection and market availability.

E Layout/Location of Fan Coil Units, Electrical Points, Television Points, Telecommunication Points, Audio Intercom System, Door Swing Positions and Plaster Ceiling Boards

Layout/Location of fan coil units, electrical points, television points, telecommunication points, audio intercom system, door swing positions and plaster ceiling boards are subject to the Architect's final decision and design.

F Warranties

Where warranties are given by the manufacturers and/or contractors and/or suppliers of any of the equipment and/or appliances installed by the Vendor at the Unit, the Vendor will assign to the Purchaser such warranties at the time when vacant possession of the Unit is delivered to the Purchaser. Notwithstanding this assignment, the Vendor shall remain fully responsible for the performance of its obligations under clauses 9 and 17.

G False Ceiling

The false ceiling space provision allows for the optimal function and installation of M&E services. Access panels are allocated for ease of maintenance access to concealed M&E equipment for regular cleaning purposes. Where removal of equipment is needed, ceiling works will be required. Location of false ceiling is subject to the Architect's sole discretion and final design.

H Glass

Glass is manufactured material that is not 100% pure. Invisible nickel sulphide impurities may cause spontaneous glass breakage, which may occur in all glass by all manufacturers. The Purchaser is recommended to take up home insurance covering glass breakage to cover this possible event. Notwithstanding this note, the Vendor shall remain fully responsible for the performance of its obligations under clauses 9 and 17.

I Mechanical Ventilation System

Mechanical ventilation fans and ductings are provided to toilets which are not naturally ventilated.

To ensure good working condition of the mechanical ventilation system, the mechanical ventilation system for the exhaust system within internal toilets (where applicable) is to be maintained by the Purchaser on a regular basis.

J Wall

All wall finishes shall be terminated at false ceiling level. There will be no tiles/ stone works behind kitchen cabinets/longbath/vanity cabinet/mirror.

K Cable Services

The Vendor shall endeavour to procure a service provider for cable television and/or internet services (the "Cable Services") to provide the necessary cabling or connection from its network to the Unit/Building and/or the Housing Project (or any part or parts thereof), so as to enable the Unit/Building and/or the Housing Project to receive the Cable Services. In the event, despite reasonable efforts being made by the Vendor, the Vendor is unable to procure any service provider to provide the said cabling or connection, thereby resulting in there being no Cable Services available in the Unit/Building and/or the Housing Project, the Vendor shall not be liable to the Purchaser for any compensation or for any damages, costs, fees, expenses or losses whatsoever, or howsoever incurred, by virtue of the Purchaser being unable to obtain the Cable Services in the Unit/Building and/ or the Housing Project.

L Marble /Limestone/Granite

Marble/limestone/granite are natural stone materials containing veins with tonality differences. There will be colour and markings caused by their complex mineral composition and incorporated impurities. While such materials can be pre-selected before installation, this non-conformity in the marble/compressed marble/limestone/granite as well as non-uniformity between pieces cannot be totally avoided. Granite tiles are pre-polished before laying and care has been taken for their installation. However, granite, being a much harder material than marble, cannot be re-polished after installation. Hence, some differences may be felt at the joints. Subject to clause 14.3, the tonality and pattern of the marble, limestone or granite selected and installed shall be subject to availability.

M Web Portal of the Housing Project (if applicable)

The Purchaser will have to pay annual fee, subscription fee or any such fee to the service provider of the Web Portal of the Housing Project (if applicable) as may be appointed by the Vendor or the Management Corporation when it is formed.

N Prefabricated Bathroom Units

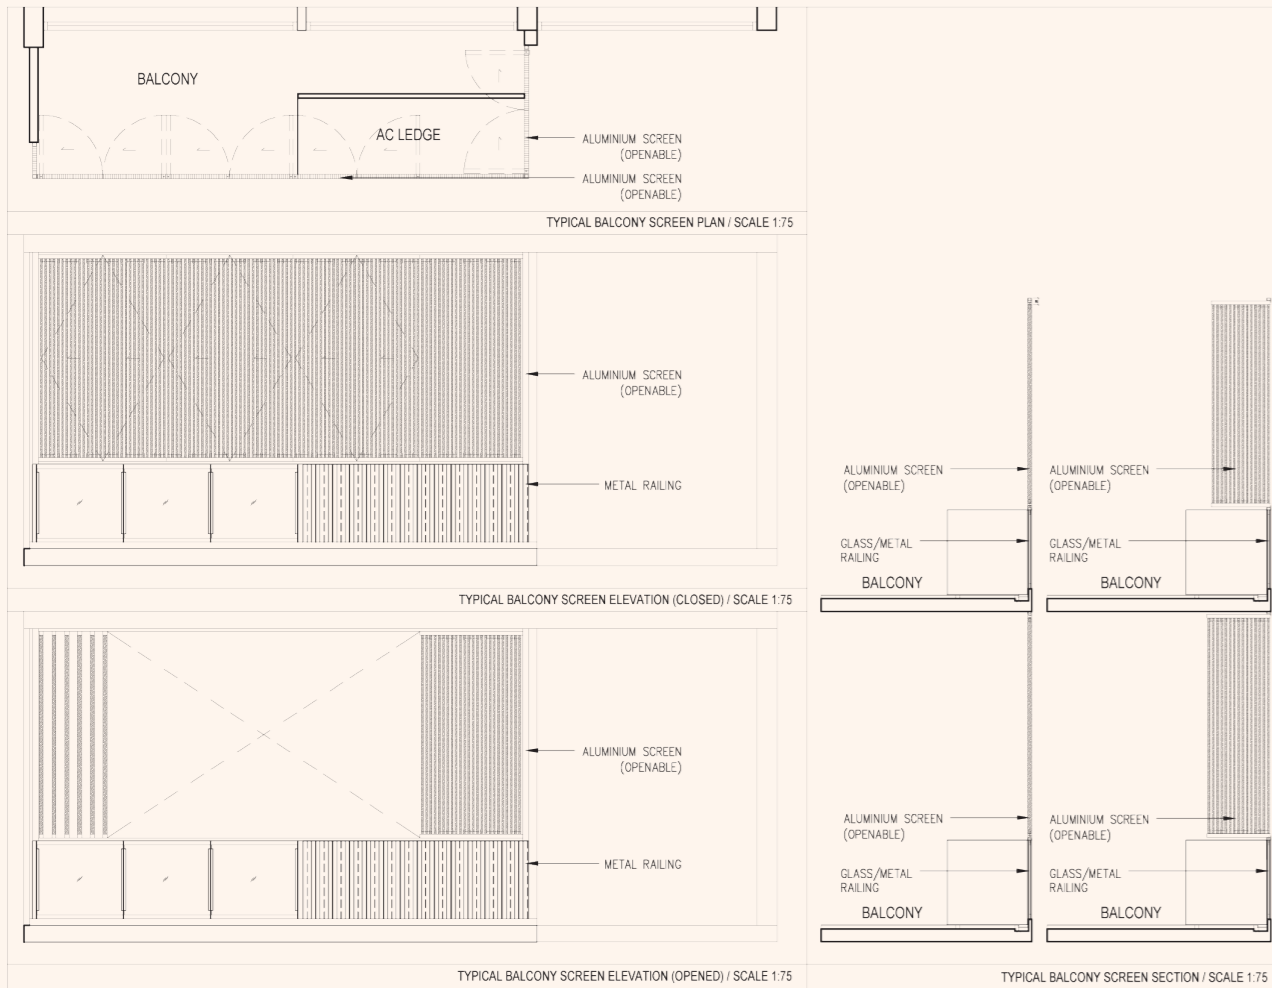

All bathroom are prefabricated construction and all penetrations are sealed at manufacturer's factory prior to installation on site. Any subsequent penetrations are not allowed as they will compromise the waterproofing warranty.

O Mobile Reception

Mobile reception within the Housing Project is subjected to the availability/provision of the respective Telecom/mobile provider(s). The Vendor shall not be liable to the purchaser for inadequate / weak mobile reception as this is not within the purview/control of the Vendor.

ANNEXURE 1

Typical Balcony Screen

Note : The private enclosed space (PES) and balcony shall not be enclosed unless with the approved balcony screen as shown above. The cost of the screen and installation shall be borne by the purchaser.
