

Whistler Grand

**Setting new heights of excellence
in West Coast living**

A lush haven shaped by nature's rhythm

Standing tall amid a verdant enclave, Whistler Grand is an elevated invitation to adopt the pace of nature. Set within the West Coast precinct, its distinctive 36-storey double towers open up to panoramic views of the city, Pandan Reservoir and Bukit Timah Nature Reserve.

Step into your new home and be enthralled by the fine touches that greet you. Lined with glass windows, an accented grey curtain wall cascades down the architectural facade trimmed by contemporary textured design. Balancing tranquillity with playfulness, it's the perfect setting to experience all of life's refinements whilst staying connected.

Jurong Lake District - Singapore's Second Central Business District

A 360-hectare commercial and regional centre

- Set to be the largest commercial hub outside the city centre
- Where opportunities abound with approximately
 - 100,000 new jobs
 - 20,000 new homes
- Future High-Speed Rail to potentially open up new opportunities for business and leisure activities
- Anticipate an attractive street life within a bustling district, from day to night

A car-lite zone with seamless connectivity

- 39km of dedicated path for cyclists, pedestrians and personal mobility device users
- Two new MRT lines in the future
 - Jurong Region Line to open around 2026;
 - Cross Island Line to open around 2030

Integrated healthcare services

- Ng Teng Fong Hospital, Jurong Community Hospital, Vision Exchange and nursing home to serve the needs of elderly residents

Endless entertainment and lifestyle options

- 250,000 square metres of retail, entertainment and dining spaces
- Minutes to JEM, Westgate, IMM, JCube and Big Box

A sustainable environment

- Better living environment with district cooling systems, pneumatic waste collection systems, common services tunnels and consolidated logistics
- Residents and businesses will enjoy reduced energy usage with the Green Mark standard for buildings

Lush gardens and calm waters

- 16 hectares of new parks, creating a total of 106 hectares of lush greenery
- A new 17km waterway with extensive waterfront areas for social and community activities as well as recreation and retail
- A 90-hectare Jurong Lake Gardens, envisioned to be Singapore's first national gardens in the heartlands

Everything at one address

Immerse yourself in the bustle of the city's most significant commercial hub outside of the Central Business District. Wine and dine at Holland Village and Rochester Mall, or even closer to home - at JEM, Westgate and IMM.

Wind down your evenings at Pandan Reservoir or West Coast Park. Enjoy easy connectivity to some of the most established educational institutions such as Nan Hua Primary School (located within 1km), Ngee Ann Polytechnic and National University of Singapore. Last but not least, get to key locales such as International Business Park, Fusionopolis and Mapletree Business City seamlessly within minutes. Be it business and entertainment hotspots, schools or green spaces, find yourself within reach of all that matters to you.

Grand Arrival

Arrival Club

Crafted for relaxation at every turn

With over 60 leisure facilities spread across six clubs, you can put sheer pleasure at the top of your daily agenda. Each space has been meticulously transformed for you to live amidst sprawling greenery, indulgent entertainment and communal enjoyment - which includes seamless conveniences with 2 shops at your doorstep. This begins the moment you pull up into the Grand Arrival lobby - a stimulating, warmly-lit greeting into a realm of tropical grandeur.

Wellness Club

Work out or wind down - the choice is yours

Complete respite is right at your doorstep. Plunge into the impressive Lap Pool or lounge at the Pool Cabanas. Sweat it out at the stunning Cantilevered Gym overlooking the pool or have a quick soak in the Spa Pool before welcoming guests to a rousing feast at the Club Gourmet. At the Wellness Club, blissful relaxation takes on a new dimension.

Lap Pool

Cantilevered Gym & Club Gourmet

Leisure Club

Relaxed luxury,
designed to perfection

Glamping Garden

When you wish to kick it down a further notch, step into the Leisure Club - and experience the pleasures of leisure living to the fullest. Unwind on the River Hammock or head out to the teepee tents at Glamping Garden under the night sky for an outdoor experience to remember.

Enjoy a spot for horticulture therapy at Urban Farming and spend quiet moments at the Relaxation Plaza.

Yoga Deck

Adventure Club

Take play to a new level

Kids Playground

With a Climbing Wall, Aqua Flying Fox and an Aqua Course specially designed for kids, your young ones will scale new heights at the Adventure Club. Let them frolic at the Kids Trampoline, Playground and Water Slide - or even dream up creative melodies at the Kids Xylophone. Fun seekers of all ages can delight in a round of table tennis, as you play host to a rousing outdoor barbeque. Complete enjoyment can be found without leaving home.

Kids Water Slide

Sky Club & Star Club

A top-of-the-world retreat

Sky Club

Star Club

Be it a morning stroll or an evening soiree, higher-level living takes on fresh meaning at the quaduple-volume Sky Club on level 24. Unwind, meditate or entertain - our landscaped lounge, sky dining and terrace spaces open up a world of possibilities. Up on level 30, you'll find the Star Club, a dedicated astronomy observation deck that lets you gaze into the night sky.

Life made simple with a smart home

Be in complete control of everyday conveniences and beyond. Begin your day with the latest world news, weather and even your appointments read out to you by your smart voice assistant. Enjoy remote access of your room's air conditioning with smart air conditioner control, and enhanced house security with a smart digital lockset and camera.

Every detail is well taken care of in your smart home - letting you go about your daily life with absolute ease and assurance.

Smart Home Gateway with Pan & Tilt Camera

- 1 unit provided
- Remote surveillance and control of camera via mobile app
- 2-way audio function allows users to communicate between home and mobile app
- Night vision capabilities for extra security
- Speaker siren for unauthorised door opening
- Video recording function

Smart Voice Assistant

- 1 unit provided
- Control smart home devices with voice
- Calendar reminder
- Provide information such as news and weather forecast
- Play music

Smart Digital Lockset

- 1 unit provided
- Lock and unlock door via card, pin, key and mobile app

Smart Door Sensor

- 1 unit provided
- Monitor the opening of door for added security via mobile app

Smart Air Conditioner Control

- 2 units provided
- Power on and off air conditioner and control temperature via mobile app

Smart Lighting Control

- 2 units provided
- Control, automate and monitor your light via mobile app

The unit will be supplied and installed with the following items ("Wireless SMART Home System"):

(i) 1 smart home gateway with built-in IP camera, (ii) 1 smart voice assistant, (iii) 1 digital lockset, (iv) 1 main door sensor, (v) 2 lighting controls, and (vi) 2 air conditioner controls.

The make, model, brand, design and technology of the Wireless SMART Home System to be supplied and installed in the actual unit may differ from the above illustration and are subject to change. Terms and conditions apply. Buyers shall liaise with the smart home vendor instead of the developer to make all arrangements for the set up and configuration of, and for any queries, defects, maintenance and/or upgrade issues with the Wireless SMART Home System at buyers' own costs. Items/devices which are not listed above are not included in Wireless SMART Home System and may be purchased from the smart home vendor directly and installed at buyers' own costs after the handover of the unit.

A green habitat from the inside out

Live in a home that isn't just built smart from the ground up - but also with heart. Having been accorded the BCA Green Mark Gold^{Plus} Award, experience gentler afternoons and all-round efficiency with green features incorporated throughout your house. Enjoy what it means to live sustainably, without forgoing homely comforts you're used to.

Passive Cool Design Architecture

- Designed to minimise direct West-facing units
- Units are designed with balconies and/or other sunshading elements such as horizontal ledges and tinted window glass to minimise direct sunlight penetration into unit interior

Water Efficiency

- Water efficient fittings provided for all units

Energy Efficiency

- Energy efficient air-conditioners provided for all units
- Provision of motion sensors at staircases
- Energy efficient lighting at communal facilities
- Energy efficient lifts with Variable Voltage Variable Frequency (VVVF) drive, sleep mode and regenerative power feature

Environmental Quality And Protection

- Use of environmentally friendly products certified by approved local certification bodies
- Use of low Volatile Organic Compounds (VOC) paints for internal walls to reduce indoor air pollution

Other Green Features

- Use Prefabricated Prefinished Volumetric Construction (PPVC) method to significantly improve construction productivity, reduce noise and dust pollution
- Extensive greenery and landscape
- Pneumatic waste collection and disposal system
- Double refuse chutes for recyclable and non-recyclable waste
- Siphonic rainwater discharge system at roof
- Provision of bicycle parking lots at basement level
- Good access to bus stops

l) Gondola System

Gondola supports/ brackets/ platforms/ tracks will either be floor, wall or soffit mounted (top/ side/ below) on RC flat roof/ external wall/ RC ledge/ trellis/ canopy of tower blocks.

m) Waste Disposal System

Pneumatic waste conveyance system provided at common area at every residential lift lobby level.

n) Wireless Internet

Wireless internet connection provision at designated communal area, subject to subscription of service by the Management Corporation (when formed) with the relevant internet service provider.

Specifications

o) IT Feature

All apartments equipped with wiring for internet ready connection, subject to subscription of service by the purchaser with the relevant internet service provider.

p) Home Fire Alarm Device (HFAD)

All apartments provided with 1 x Home Fire Alarm Device (HFAD).

q) Residential Services

Residential services counter shall be located at Arrival Club.

NOTES

a) Marble/Compressed Marble/Limestone/Granite

Marble/compressed marble/limestone/granite are natural stone materials containing veins with tonality differences. There will be colour and markings caused by their complex mineral composition and incorporated impurities. While such materials can be pre-selected before installation, this non-conformity in the marble/compressed marble/limestone/granite as well as non-uniformity between pieces cannot be totally avoided. Granite tiles are pre-polished before laying and care has been taken for their installation. However, granite, being a much harder material than marble, cannot be re-polished after installation. Hence, some differences may be felt at the joints. Subject to clause 14.3 of sale and purchase agreement, the tonality and pattern of the marble, limestone or granite selected and installed shall be subject to availability.

b) Timber Strips

Timber strips are natural materials containing veins and tonal differences. Thus, it is not possible to achieve total consistency of colour and grain in their selection and installation. Timber strips are also subject to thermal expansion and contraction beyond the control of the builder and the Vendor. Natural timber that is used outdoors will become bleached due to sunlight and rain. Thus, the cycle of maintenance on staining will need to be increased as required. Notwithstanding this note, the Vendor shall remain fully responsible for the performance of its obligations under clauses 9 and 17 of sale and purchase agreement.

c) Air-Conditioning System

To ensure good working condition of the air-conditioning system, the system has to be maintained and cleaned on a regular basis by the Purchaser. This includes the cleaning of filters, clearing of condensate pipes and charging of gas. The Purchaser is advised to engage his own contractor to service the air-conditioning system regularly.

d) Television and/or Internet Access

The Purchaser is liable to pay annual fee, subscription fee and such other fees to the television and/or internet service providers or any other relevant party or any relevant authorities. The Vendor is not responsible to make arrangements with any of the said parties for the service connection for their respective channels and/or internet access.

e) Materials, Fittings, Equipment, Finishes, Installations and Appliances

Subject to clause 14.3 of sale and purchase agreement, the brand, colour and model as specified for all materials, fittings, equipment, finishes, installations and appliances to be supplied shall be provided subject to the Architect's selection and market availability.

f) Warranties

Where warranties are given by the manufacturers and/or contractors and/or suppliers of any of the equipment and/or appliances installed by the Vendor at the Unit, the Vendor will assign to the Purchaser such warranties at the time when vacant possession of the Unit is delivered to the Purchaser. Notwithstanding this assignment, the Vendor shall remain fully responsible for the performance of its obligations under clause 9 and clause 17 of sale and purchase agreement.

g) Web Portal of the Housing Project

The Purchaser will have to pay annual fee, subscription fee or any such fee to the service provider of the Web Portal of the Housing Project as may be appointed by the Vendor or the Management Corporation when it is formed.

h) False Ceiling

The false ceiling space provision allows for the optimal function and installation of M&E services. Access panels are allocated for ease of maintenance access to concealed M&E equipment for regular cleaning purposes. Where removal of equipment is needed, ceiling works will be required. Location of false ceiling is subject to the Architect's sole discretion and final design.

i) Glass

Glass is manufactured material that is not 100% pure. Invisible nickel sulphide impurities may cause spontaneous glass breakage, which may occur in all glass by all manufacturers. The Purchaser is recommended to take up home insurance covering glass breakage to cover this possible event. Notwithstanding this note, the Vendor shall remain fully responsible for the performance of its obligations under clause 9 and clause 17 of sale and purchase agreement.

j) Laminated Flooring

Laminated flooring is manufactured material which contains tonality differences to match natural wood finish. Thus, it is not possible to achieve total consistency of colour and grain in its selection and installation. Laminated floors are installed in modular planks and are subject to thermal expansion and contraction beyond the control of the builder and the Vendor. Notwithstanding this note, the Vendor shall remain fully responsible for the performance of its obligations under clauses 9 and 17 of sale and purchase agreement.

k) Mechanical Ventilation System

Mechanical ventilation fans and ductings are provided to toilets which are not naturally ventilated. To ensure good working condition of the mechanical ventilation system, the mechanical ventilation system for the exhaust system within internal toilets (where applicable) is to be maintained by the Purchaser on a regular basis.

l) Wall

All wall finishes shall be terminated at false ceiling level. There will be no tiles/stone works behind kitchen cabinets/vanity cabinet/mirror.

m) Layout/Location of Fan Coil Units, Electrical Points, Television Points, Telecommunication Points, Door Swing Positions and Plaster Ceiling Boards

Layout/Location of fan coil units, electrical points, television points, telecommunication points, door swing positions and plaster ceiling boards are subject to the Architect's final decision and design.

n) Tiles

Selected tile sizes and tile surface flatness cannot be perfect and are subject to acceptable range described in Singapore Standards SS483:2000.

o) Vinyl Flooring

Vinyl Flooring is a manufactured material which contains tonality differences to match natural wood finish. Thus it is not possible to achieve total consistency of colour and grain in its selection and installation. Vinyl floors are installed in modular planks and are subject to thermal expansion and contraction beyond the control of the Builder and Vendor. Notwithstanding this note, the Vendor shall remain fully responsible for the performance of its obligations under clauses 9 and 17 of sale and purchase agreement.

p) Mobile Phone Reception

Telephone reception on mobile phones within the Housing Project is subject to availability/provision of satellite/wireless coverage by the respective mobile telephone network service providers and is not within the purview/control of the Vendor.

q) Digital TV Service / Reception

Digital TV Service is provided with necessary cabling or connections from its network to the Building. The purchaser will have to ensure that their televisions are digital ready and compatible in order to view the Free-to-Air (FTA) channels.

The availability/provision reception coverage by the respective media network service providers and is not within the purview/control of the Vendor.

r) Prefabricated Bathroom Unit

Certain bathroom and WC may be prefabricated construction and all penetrations are sealed at manufacturer's factory prior to installation on site. Any subsequent penetrations are not recommended as they will compromise the waterproofing warranty. Any hacking, repairing and drilling within bathroom must be in accordance to the manufacturer's manual book.

s) Prefabricated Pre-finished Volumetric Construction (PPVC)

Certain unit and/or area may be of prefabricated structurally reinforced concrete volumetric module with complete and/or pre-finished and/or pre-installed concealed electrical services and/or plumbing services and/or air-conditioning and mechanical ventilation ("ACMV") services and/or sanitary services construction. All walls, penetration openings, electrical services, plumbing services, ACMV services and sanitary services are pre-designed and/or concealed and/or pre-route prior to installation on site. No hacking of any of the structural walls of the Unit is allowed.

t) Quartz

Quartz stone is an engineered stone surface that comprises of natural extract from the earth. The pigmentation found in these natural extract sometime varies and as a result, the final products are subjected to variations in colour and vein pattern. Like most materials, excessive force, high point loads, pressure or heat may cause thermal shock, discoloration or damage to the surface.

u) Home Fire Alarm Device (HFAD)

Home Fire Alarm Device (HFAD) is provided to each residential unit as per compliance to the local authority requirement. To ensure good working condition, the HFAD has to be maintained.
